Support for North Carolina Summer School Using ThinkUp! Math

This document provides a variety of strategies and activities for teachers to plan, instruct, and assess grade-level concepts. Use the content from ThinkUp! Math flexibly to meet student needs and to include interactive instruction and learning discussions.

Assessing Areas of Need/Planning for Instruction

Step 1	Administer ThinkUp! Math Diagnostic Assessment for the school year students will be entering (available online) or Mentoring Minds Benchmark Assessments (available online) OR Use state or district administered assessments (North Carolina End-of-Grade Tests, NC Check-Ins, Benchmark Assessments)
Step 2	Use data from Step 1 to determine and prioritize the most critical NCSCOS to address during the six-week school extension learning recovery and enrichment program
Step 3	Identify the 12 ThinkUp! Math units to address the identified NCSCOS
Step 4	Follow the summer school lesson guide for each ThinkUp! Math unit (<i>Teachers may opt to focus on fewer units if indicated by data and adjust the Lesson plan as appropriate.</i>)
